Could any grower ask for finer compliments?
LETTERS FROM OUR VALUED CUSTOMERS.

I want to thank you for a very pleasant surprise. When I saw the prices in your catalog this spring, I said to myself, "They must send out very small plants". There were a number of varieties I have been wanting, however, and at such low prices, I just couldn't resist. I thought I would get them started and enjoy the blooms a few years from now. When the package arrived yesterday I could hardly believe it. The plants you sent me were just as large if not even larger, than the ones I've been getting from other growers. And they were beautifully packed. I was really amazed. I thought the least I could do was to tell you how grateful I am.

NEW JERSEY

I should like to tell you how very pleased I was with the plants you sent me last week, the "Pastel Collection of Daylilies." Never have I seen plants more beautifully packed. They arrived in perfect condition, and plants of such sturdy quality. The Daylilies bought from you last year are all up, a good foot high and more, some already increasing and spreading. It is a joy to put such stock in the garden and to look forward to years of pleasure in flowers.

MINNESOTA

The Daylily order which I sent you a few days ago was filled with such lovely plants that I'm sending another order at once.

LOUISIANA

Received my Daylilies and I was amazed when they came (with buds on yet) how wonderful. I can't thank you enough, that surely means you will be highly recommended to my friends and also for future orders for myself. I am still amazed. Thank you also for the wonderful extra, was very happy.

WISCONSIN

The Daylilies arrived in fine shape, have bought quite a few Daylilies but none nicer than these.

KANSAS

Received the replacement on the Daylily order yesterday, they came through in fine shape. Order so fresh and big. I planted as soon as I got them and shaded with bushel baskets, and sure look for some husky plants by freezeup. Many thanks and a pleasure to find a garden as honest as Kansas City Daylily Garden.

WISCONSIN

The plants I received not long ago were just wonderful and are growing like mad, and thanks a million for the Bicolor. I'm sure it will be as wonderful as the rest.

Thank you so much for the large hardy looking plants you sent me they were nice large clumps, also for the free one.

UTAH

Gentlemen: Just a note to say that my order of Daylilies arrived today, and the plants looked wonderful. I am thoroughly pleased with them in every way.

FLORIDA

We always endeavor to send you the largest plants possible, but in some cases, where the variety is new or when a variety does not naturally make large plants, we will send the best we have, which in the majority of cases will be plants that will please you—We do not like to send small plants to our customers.
